Dear Stakeholder

**FIRST REVIEW OF SHORELINE MANAGEMENT PLAN – LOWESTOFT NESS
TO FELIXSTOWE LANDGUARD POINT
SECOND KEY STAKEHOLDER CONSULTATION MEETING**

I am writing to invite you to the second Key Stakeholder Consultation meeting to be held at 7pm on Wednesday 27 February 2008, at the Riverside Centre, Stratford St Andrew, IP17 1LL (on the A12 between Woodbridge and Saxmundham).

For your information, following the receipt of comments made during the first consultation period, the officer Client Steering Group (CSG) has updated and clarified the definitions of “Issues”, “Features” and “Objectives” to be addressed during the review. The full table will be placed on the project website (www.suffolk.smp2.org.uk) early in 2008.

The purpose of the second meeting is to provide you with an opportunity to examine the results of the review of coastal processes behaviour and dynamics which will be used to develop the baseline scenarios, identify risks and test the response and implications of different management policy scenarios over the different timescales. The draft policies will not be presented, as their development is the next stage of the review.

This meeting will be attended by Members and officers of Waveney and Suffolk Coastal District Councils and the Environment Agency. Also present will be representatives from Terry Oakes Associates Ltd, who are project managing the review, and Royal Haskoning, the consultants dealing with the technical elements of the project. If there are any matters arising before and to confirm your attendance at the second consultation meeting please contact Terry Oakes on 01502 581822 (email: consult@terryoakes.com) who is project managing the review.

Yours sincerely

Jeremy Schofield
Strategic Director
