

Shoreline Management Plan Sub-Cell 3C Lowestoft Ness to Felixstowe Landguard Point

Questionnaire to stakeholders

The aim of this questionnaire is to allow you or your organisation to express your interests or concerns about the coast.

While the questionnaire has been set up to help trigger comments and will help us to collate responses correctly, we do not wish to constrain your views. If there are other issues that do not fit within these questions, please feel free to write them separately on the issues sheets provided.

- The initial questions establish your contact details.
- These are followed by questions which allow you to identify any information you may have which may help us understand our coast better.
- The final section allows you to record your interests, concerns, or use of the coast.

While the Shoreline Management Plan focuses on the management of coastal defences, the threat and consequence of coastal flooding and erosion, we need to gain as broad a perspective as possible as to how such issues may impact upon and influence your interests. It will not be possible to solve all concerns through the Shoreline Management Plan, it is however, important the defence management is undertaken with a sound knowledge of all interests, so that where possible we work with not just natural processes but also the interests of our communities.

Please answer the following questions and return by 1st October 2007.

We would appreciate your return of the questionnaire even if you do not wish to comment on the Shoreline Management Plan. Please use the enclosed pre-paid SAE.

Your Contact Details

| | |
|---|--|
| 1. Your name or name of your organisation or business | |
| 2. Address | |
| 3. Name of contact | |
| 4. Position in organisation | |

COMMENT

24. Is your organisation or business affected or potentially affected by the risk of coastal flooding or erosion? If so, please give brief details including any significant historic events.
25. What are the main issues relating to the way in which the coastline is managed and which you want to see being dealt with in the plan?
26. What objectives do you recommend for the future management of the coastline?
27. Do you have any views on the way in which the existing coastal defences have had an impact on the way in which the coastline has developed?
28. Do you have any views on changes that should be made to the existing coastal defences? What effect do you think this would have?

Thank you for your time in completing this questionnaire.
